**PAINTED**

\*With a Clear finish, variances in woodgrain and color are more apparent. Filled nail holes are also more noticeable.

\*\*Custom door tint finishes include White Wash and Pebble Gray Mist. These finishes are created with a wash process, which involves wiping paint on the door surface and immediately wiping it off, so only surface highlights remain. This process purposely does not produce the color consistency of typical penetrating stains, such as Chappo, Cherry or Merlot.

NOTE: Other species, including Juniper, and finishes may be available. See dealer for complete information.
