PROVIA® BUILDS DOORS THE PROFESSIONAL WAY

ProVia has developed a competitive position by catering to a niche within the door market that demands a high degree of customization coupled with outstanding quality. Our company defines the products that meet this demand as “professional-class.” We have found success by adhering to a set of core values that guide us as we develop rewarding, long-term relationships with our employees, customers and homeowners.

WHAT MAKES PROVIA PROFESSIONAL-CLASS?

ENTRY SYSTEMS **TAILORED** FOR YOUR HOME

Today’s off-the-rack consumer-grade doors, which are mass-produced and not customized for your home, often fall short of expectations and performance.

These shortcomings are the driving force behind ProVia’s custom entry doors, built to your home’s exact measurements for a precise fit, protection, security, and energy efficiency. The materials that go into our custom-made doors are premium quality and exceptionally durable, far surpassing the ready-made doors at the big-box hardware stores, and our craftsmanship and care for details can be seen in each door we produce.

SECURITY | We ensure the strength and security of every door, so you have peace of mind and can focus on what’s really important - your life.

DURABILITY | Crafted with the finest materials and backed by our Lifetime Limited Transferable Warranty, the durability of our products can’t be beat.

BEAUTY | A beautiful ProVia entry system will always greet your guests with classic elegance and style.

ENERGY EFFICIENCY | Engineered to keep the elements at bay and your home comfortable all year long.

INDUSTRY ASSOCIATION

ProVia is a proud member of the Window and Door Manufacturers Association (WDMA) and American Architectural Manufacturers Association (AAMA) - leading voices in our industry. As such, we support advocacy in building code and ASTM standard arenas, quality materials, installation and design in Doors and Windows.

If you ask around, you'll find attention to detail is what our customers have come to appreciate and expect from the ProVia brand. Our company is family-owned and faith-based with an intense focus on producing Professional-Class products. ProVia feels so strongly about the performance and workmanship of our entry systems—built by skilled craftspeople with state-of-the-art manufacturing processes—that they are backed with a Lifetime Limited Warranty, which is even transferable to one subsequent owner.

STYLE YOUR WAY

TAILORED **JUST FOR YOU** AT THE HIGHEST STANDARDS.

SECURITY | DURABILITY | BEAUTY | ENERGY EFFICIENCY

We make it easy for you to make the choice that's right for you. When you combine your selected door style, door glass, paint or stain finish, plus hardware and accessories, the end result is a customized entryway that reflects your personalized style.

DESIGNING YOUR DOOR

Imagine Your Entryway with a New Look. ProVia offers you endless possibilities to create a front door that provides a warm, welcoming entry to your home. To simplify the experience, we've categorized the selection process here to get you started. These ideas are just the beginning – you'll discover a myriad of additional color and style options throughout this catalog.

1 DOOR SKIN

Fiberglass and Steel door skins are available in a variety of textured and smooth options.

LEGACY SKIN OPTIONS

2 CONFIGURATION

Find and customize a configuration that best fits the opening of your home.

3 DOOR STYLES

Your home should reflect your personality. That's why you'll find a wide selection of styles to suit your taste.

4 GLASS

Select from a full line of Decorative, Art, Clear and Privacy Glass, Simulated Divided Lites, Grid Styles & Internal Blinds.

5 FINISH

Our stain and glazed finishes are hand-applied by professional craftsmen, then oven-cured for maximum beauty. Paint finishes are factory applied for a long-lasting, durable finish.

6 HARDWARE & ACCESSORIES

Hardware from Trilennium®, Hoppe®, Emtek®, Brinks® and Schlage® provide some of the most stylish, durable hardware available today. Sometimes the smallest things make the biggest difference. Our accessories add a lot to the look of your entry system.

7 ADD A STORM DOOR

Protect, enhance and ventilate your entryway with a storm door, while adding an extra measure of security.

THE COMPONENTS

The components are the small things that set our doors apart from the competition. A lot of small things add up to a big difference.

440TAC-2P, 140TAC

Your home is unique and deserves to have **custom glass options** like our ComforTech™ Warm Edge Glazing Systems which include decorative glass, Inspirations™ Art glass, internal blinds and internal and external grids in many grid patterns and colors.

 Impact Shield doors feature laminated glass.

Our **2½" casing** conveniently covers paint lines providing a professional installation. **Also available in 3½"**. Choose from Cherry, Mahogany, Oak and Poplar. Flat Fir and Poplar trim are available in paint, stain and glazed finishes.

High-performance, heat-resistant glass trim is warranted not to warp, crack or pull away from the door, even in sunny or higher temperature applications. **Plugless glass trim** is standard on Embarq® and Signet® and optional for Heritage™† and Legacy™†.

1. Smooth (standard on select Signet Smooth doors and sidelites, optional on select Heritage Smooth and Legacy Smooth doors and sidelites) **2.** Embarq and Signet Cherry and Mahogany **3.** Embarq and Signet Oak and Knotty Alder **4.** Signet Fir **5.** Heritage and Legacy **6.** Modern Flat Trim (only available on models 112, 114, 115, 116 and 160 sidelites)

† See price list for available styles.

The **Z-AC™ threshold** has an auto-adjusting riser and built-in sealing system that redefines how your door can perform for you. Standard on Signet and Legacy.

- **Automatically adjusts** to your entry door's changing needs over time, eliminating service calls
- Delivers **non-stop protection** against air and water infiltration
- **Saves money** and provides an improved door experience

The **ZAI™ threshold** has a manually-adjustable riser with complementary screw cover caps. Standard on Heritage.

Three **heavy-duty ball bearing hinges** come standard with every entry system.

Additional 4th hinge option for greater durability. (only available with FrameSaver®)

 Impact Shield doors have heavy-duty stainless steel hinges.

The energy efficient **weatherstripping** runs along the top and sides of the door and interlocks with the **CornerShield™** for the most efficient seal you'll find for keeping moisture, wind and dirt out of your home.

We include our **20-gauge security plate** for extra strength and to help prevent kick-ins.

We include a **solid brass fully adjustable strike plate** of our own exclusive design. This unique 2-piece construction makes our doors easier to custom fit.

The **dust box** in the deadbolt strike provides a barrier to air infiltration while providing a nice appearance that most other door manufacturers don't provide.

Bulb and dual blade sweep virtually eliminates drafts, keeping your home comfortable.

THE COMPONENTS

FRAMES

FrameSaver®

FrameSaver wood frame and brickmold with finger-jointed composite bottom prevents water absorption and carries a Lifetime Limited Warranty when used with **PVC vinyl coated aluminum frame cladding** outside.

Also available with smooth cladding.

FusionFrame™

FusionFrame: A one-of-a-kind alternative to composite or wood jambs, this Endura® component utilizes the strength of an LVL interior, the rot-proof performance of a FrameSaver® bottom, and the durability of a composite frame exterior. Offering a lifetime jamb warranty*.

PREFINISHED, MAINTENANCE-FREE

Available as a textured or smooth frame, providing you with the benefit of a prefinished, maintenance-free system, along with the beauty of a stain or paint finish that matches your entry door.

Not available for transoms or outswing doors. See Price List for complete limitations and restrictions

**Finish warranty will match the finish warranty of door series*

PermaTech™

Our **PermaTech™ Composite door frame system** option combines all the strength and convenience of wood with enhanced properties that make it moisture and insect resistant. PermaTech will not absorb or wick moisture and will never rot or splinter, and is covered by a Lifetime Limited Warranty.*

* No storm door applied. See full warranty for limitations

Steel L-Frame

Available on select Signet and Legacy door styles

● Aluminum door stop provides greater security and is more durable than wood.

● Energy efficient weatherstripping.

● 18-gauge steel L-frame with a 12-gauge hinge plate welded on for extra strength and security.

(NOT tested for Certified Wind Load or Impact Shield regions)

Not all Steel L-Frames are ENERGY STAR® certified. Visit provia.com website for manufacturer's certification statement.

EMBARQ® FIBERGLASS

EMBARQ SKIN OPTIONS

A NEW WAY OF THINKING

We set out on a journey to develop a new door and it expanded into a complete philosophy of creating unrivaled efficiency in home building products. We call this new way of thinking "*enVision*," and are proud to introduce its first creation: **Embarq** – the doorway to innovation and efficiency.

15-YEAR FINISH WARRANTY*

See pgs. 95-99 for paint and stain finishes

ALL Embarq Fiberglass Entry Systems are ENERGY STAR® Certified.

SIDELITES

⌘ Embarq® Cherry
● Embarq® Mahogany
+ Embarq® Oak
○ Embarq® Knotty Alder

*Warranty time period may be limited in extreme applications. See warranty for details.

Stiles and rails are dovetailed and glued at each corner creating a structurally solid, integrated frame.

We engineered a channel in the side rails and header of the door to allow for a **larger energy efficient polyurethane core**. Our computer-controlled process fills every crevice with the foam barrier material resulting in **a level of energy efficiency unparalleled in the industry**.

We started from the inside out to maximize energy savings and reduce thermal loss, resulting in the most energy efficient door in the U.S. market. In fact, this door offers at least **4-times more insulating value than a typical wood door** giving an unprecedented U-Factor of 0.09 - the lowest recorded heat conduction measurement for entry doors in the U.S.

The **authentic wood look** is made possible by using cutting-edge **NVD** (Nickel Vapor Deposition) technology by MasterGrain™.

Scientifically formulated compounds provide superior resistance to denting, splitting, cracking and warping.

Z-AC Threshold with **auto-adjusting riser**. Standard with anodized bronze finish.

To enhance efficiency and accommodate more insulation, we thickened the door and sidelites from the standard 1¾" to 2½" which is **43% thicker** than standard exterior doors. We also engineered a **dual perimeter seal** for the entry door to create a superior barrier against drafts and energy leaks.

Door edge is constructed with cherry, mahogany or oak wood matching the selected series.

The **4¼" finger-jointed 4-ply hardwood strike stile** provides a solid mounting surface for Emtex® hardware and superior structural integrity.

The revolutionary **DuraFuse™ Finishing System featuring P³ Fusion** yields unprecedented finish durability.

We custom-designed a sweep to accommodate the Embarq door's added thickness. This creates a new breed of thermal barrier to keep out unwanted elements and uncomfortable temperatures.

QUAD GLASS SYSTEM

Our enVision™ innovation and technology has created a revolutionary new design utilizing a Quad Glass System. This glass system is only available for Embarq fiberglass doors and sidelites and utilizes the most energy-efficient glass package available on the market today. This high performance glass system provides an optimal energy efficiency rating.

- A** Low-E Glass Surface
- B** Krypton Filled Air Space
- C** Decorative Glass Core
- D** Super Spacer®
- E** Tri-Seal Spacer
- F** We re-engineered our ComforTech Warm Edge Glazing System to accommodate for the extra panes of glass in this highly efficient package.

SIGNET® FIBERGLASS

SIGNET SKIN OPTIONS

Signet Fiberglass doors are available in Cherry, Mahogany, Oak, Fir, Knotty Alder and Smooth Series. Structurally, the Signet door is far superior to traditional fiberglass doors with robust hardwood stiles and rails dovetailed at each corner. All Signet Fiberglass doors exhibit our exclusive DuraFuse™ Finishing System featuring P³ Fusion, allowing us to offer an industry-best 15-year* finish warranty.

Most Signet Fiberglass Entry Systems are ENERGY STAR® Certified.

CUSTOMIZE BOTH SIDES

You can customize your entry by ordering a different series, style and finish on each side of your door.

CUSTOM WIDTHS & HEIGHTS

Need a little more height or a little less width? We offer customized door and sidelite widths and heights in 1/8" increments.

All fir doors now standard with plugless trim.

15-YEAR FINISH WARRANTY*

See pgs. 95-99 for paint and stain finishes

SIGNET FIBERGLASS DOOR STYLES See pages 30-93 for glass availability.

SIDELITES

☞ Signet Cherry
● Signet Mahogany
+ Signet Oak
○ Signet Knotty Alder

☞ Signet Fir
☞ Signet Smooth

Entry System U-Factor: As low as .16 (Tested to NFRC specifications for a 6 panel door with wood frame).

Note: All Signet doors are shipped finished.

* Warranty time period may be limited in extreme applications. See warranty for details.

† Patents - USD617005, USD621062, USD621063, USD625837, USD625024

HERITAGE™ FIBERGLASS

HERITAGE SKIN OPTIONS

OAK

SMOOTH

Heritage Fiberglass doors feature enhanced woodgrain texture, improved definition embossing and a hardwood edge to prevent warping.

Most Heritage Fiberglass Entry Systems are ENERGY STAR® Certified.

10-YEAR FINISH WARRANTY*

See pgs. 95-99 for paint and stain finishes

CUSTOM HEIGHTS

Need a little more or a little less height? We offer customized door and sidelite heights in 1/8" increments.

HERITAGE FIBERGLASS DOOR STYLES

See pages 30-93 for glass availability.

SIDELITES

- Oak Grain
- Smooth Fiberglass

Only Heritage Fiberglass doors without glass are available as an Impact Shield Product.

Entry System U-Factor: As low as .14
(Tested to NFRC specifications for a 6 panel door with wood frame).

* Warranty time period may be limited in extreme applications. See warranty for details.

LEGACY™ STEEL

LEGACY SKIN OPTIONS

Legacy Steel features add up to a professional-class product. Whether you select Legacy Woodgrain Textured Steel or Smooth Steel, our entry systems will provide an elegant, durable and energy efficient addition to any home.

10-YEAR FINISH WARRANTY*
See pgs. 95-99 for paint and stain finishes

Most Legacy Steel Entry Systems are ENERGY STAR® Certified.

Legacy Steel Doors with full-lite or half-lite decorative glass with ComforTech™ glazing will include a pane of Low-E glass in order to be ENERGY STAR certified. This includes the following styles; 150, 230, 239, 240, 350, 430, 437, 439 and 460. Since Low-E glass has a slight color tint, it is recommended that sidelites and transoms are ordered with optional Low-E pane to match the door.

CUSTOMIZE BOTH SIDES
You can customize your entry by ordering a different series, style and finish on each side of your door.

CUSTOM WIDTHS & HEIGHTS
Need a little more height or a little less width? We offer customized door and sidelite widths and heights in 1/8" increments.

FRENCH DOORS

French doors make an elegant statement like nothing else. Express your personality by creating a simple yet striking entry. Make it as ornate and beautiful as you like.

FRENCH DOOR DETAILS

- All door styles are available as a French Door
- Available with FrameSaver® or Steel L-Frame
- Hinged on each end with door knobs in the center
- Available with either left or right active door (main entryway)
- Center astragal is attached to the inactive door and includes top and bottom slide bolts (used to open inactive door)
- Available as inswing or outswing
- Header security plate standard on frame
- Hardware Installation: locksets, deadbolts and kickplates will be installed on active and inactive doors, all other hardware on active door only
- Also available with Trilennium hardware

ASTRAGAL DETAILS The French Door Astragal provides functionality and security

Astragal secures inactive door at top and bottom of your french door system

Lockable throw bolts improve security

Astragal bolt penetrates threshold allowing boot to seal, creating a better barrier against the elements

Astragal is stained to match Signet Fiberglass stained doors.

STYLES/CONFIGURATIONS

All door styles are available as a French Door.

FLORIDA

Impact Shield products are designed to protect your family and home against the harshest storms and deter burglars. All entry systems and patio doors in this Impact Shield products section are wind-borne debris resistant and approved by the state of Florida. floridabuilding.org

- Impact Shield
- Certified Wind Load
- High-Velocity Hurricane Zones
(ProVia products have not been tested for use in High-Velocity Hurricane Zones)

DECORATIVE GLASS

Highly-skilled craftsmen assemble hand-beveled glass accented with a variety of unique glass options by precisely cutting, mitering and soldering each component into artistically designed patterns.

Decorative glass purposefully seeks visual character through aesthetic imperfections, while maintaining structural stability. These "imperfections" mimic the hand-made sheet glass of centuries past. They come in the form of textural waves and striations, random seeds (air bubbles) and a variety of other natural effects.

Decorative glass achieves its personality through these apparent flaws and no two sheets are ever identical. Each glass panel is hand-made and reflects minor differences from piece to piece. This is characteristic of any hand-made product and adds to the charm and beauty of the product.

We continually inspect for consistency. The patterns can vary in size and particular shapes, but pose no danger of spontaneous breakage or structural instability. Any patterns that are severely out of character with the glass are not accepted. Our goal is to provide the finest quality glass panels.

ALL DECORATIVE GLASS:

1. ProVia Exclusive

These decorative glass designs are only found on ProVia doors. This gives your entryway a unique style that can't be found anywhere else.

2. Includes ComforTech™ Warm Edge Glazing System

Measurably improve thermal performance with our ComforTech Warm Edge Glazing System. You'll enjoy better energy efficiency and a warmer glass edge.

3. Impact Shield available

Impact Shield Products are designed to protect your family and home against the harshest storms and help deter burglaries. Impact Shield products feature laminated glass and can withstand repeated blows from wind-borne debris or unwanted intruders.

4. Covered by a Lifetime Limited Warranty

Warranty includes glass breakage and seal failure.

Each piece of glass is meticulously cleaned and inspected for consistency.

INSPIRATIONS™

ART GLASS

A ProVia® exclusive, Inspirations Art Glass allows you to do just what the name suggests-let your doors reflect the inspiration of your imagination with your choice of design and color.

DESIGNS

The process begins with conceptual design. Our beautiful Inspirations Art Glass styles originated from the imagination of our in-house designers.

RESIN BEAD

The design pattern is created on our computer software, and sent to a CNC machine which applies a resin bead to the surface of the glass in one of our four stylish colors.

COLOR FILL

The color fill truly brings the glass to life. Several colors are offered empowering you to perfectly reflect the personality of you and your home. Our craftsmen hand-apply this color fill to your glass.

OUR GUARANTEE

The resin bead and color fill are backed by our Lifetime Limited Warranty, and will not fade, blister or peel away from the glass.

SEE MORE INSPIRATIONS

Ask to see our Inspirations Art Glass brochure for available styles and color palettes, or use our ProVia app to create custom color palettes and design your dream door.

Download our free app today!

SIMULATED DIVIDED LITES

Simulated Divided Lites (SDL) are reminiscent of old world craftsmanship when separate pieces of glass were mullied together with wooden grids. We deliver that same stunning appearance through our high-tech stained fiberglass 1" wide x 1¹/₃₂" thick grids combined with the energy efficient qualities of our ComforTech glass packages.

CRAFTSMAN

Only available for Signet Fir Series

CONTOURED

Available for all styles shown, except for Signet Fir Series

BEVELED GLASS

The beauty of beveled glass and coming combine for a distinguished take on traditional divided lights.

Each piece of beveled glass is secured with coming for the beautiful look of a true divided light, with the efficiency of a single doorlight.

† For additional door panel styles see pg. 10 (for Embarq®), pg. 14 (for Signet®)
 ▲ Requires plugless trim

Δ Not Available with beveled glass

All entry systems with Simulated Divided Lites can be ENERGY STAR® Certified depending on the glazing system you choose. This chart indicates which glazing system is required for ENERGY STAR certification, as well as availability.

Note - All doors and sidelites with SDL's are available with privacy glass.
 Note - SDL's match stain or paint of door.

(See pages 10-21 for [Impact Shield](#) & [Windload](#) availability)

NEW

SIMULATED DIVIDED PANELS

For a stylish and modern look, Simulated Divided Panel fiberglass doors feature wider SDL's (3" and/or 5") applied to the surface of glass on a 460 style Fir door or directly onto the skin of a 001 style Fir door. Numerous configurations and endless paint, glaze or stain colors allow you to create a door design that is contemporary, sophisticated and on-trend.

Note - Available only in Signet® Fir with Clear glass (see pg. 80) or Privacy glass (see pg. 78)
Simulated Divided Panel designs can not be customized

STAIN FINISHES

Applied with care, by professionals. If you buy an entry system and finish it yourself, chances are it's the first door you've ever painted or stained. At ProVia®, stains are hand-applied by professional craftsmen, many who have been perfecting their work for years.

EMBARQ® & SIGNET®

7-STEP STAIN FINISHING SYSTEM

1. **DURAFUSE™** - Proprietary P³ Fusion Preparation Processes ensuring unprecedented finish durability
2. **HAND-APPLIED STAIN FINISH** formulated exclusively for Signet fiberglass doors
3. A layer of 2-part urethane, catalyst-hardened **CLEAR COAT WITH UV INHIBITORS** is applied
4. Clear coat is **OVEN-CURED** for lasting durability
5. The door is **HAND-SANDED**, preparing the surface for the second layer of clear coat
6. A second layer of 2-part urethane, catalyst-hardened **CLEAR COAT WITH UV INHIBITORS** is applied
7. The door is **OVEN-CURED** a second time, creating a long-lasting, durable finish

TRENDING COLORS

Color trends are always changing. ProVia's color palette has been completely refreshed to give you even more paint color options for your entry doors, patio doors and storm doors.

All of our traditional hues have been categorized and new "trending" colors have been added, creating three very distinct color palettes to suite your taste: Natural Instincts, Freshly Picked and Stately Shades.

Custom stains also available on Signet Fiberglass and Aeris Patio Doors.

Additional lead-time required.

HARDWARE

We offer a variety of designs and finishes, from angular to flowing, classic to contemporary, all with their own security features, unique functionality, and advanced technology. You'll be sure to find the features and design that will ensure your front door is the perfect complement to your new entryway.

TRILENNIUM[®] MULTI-POINT

HARDWARE

The Trilennium Multi-Point locking system provides more than just security. It offers homeowners better door closure and sealing than a single point lock.

- Three 1" deadbolts latch with deadbolt throw
- Deadbolts include anti-saw hardened steel pin.
- A solid I-beam runs the full length of the lock, and increases the strength and precision of the lock.
- Latch and deadbolt release with a single downward movement.

Top and bottom latch design allows for door misalignment and $\frac{3}{16}$ " pull-in when deadbolted.

ECLIPSE

Trilennium hardware is required on all 8' Signet® and Heritage™ fiberglass doors. Optional on all other fiberglass doors.

Also available on all 20-gauge Legacy steel doors.

NOT available on Steel L-Frames

Trilennium hardware has a 10-Year warranty on materials and workmanship.

Trilennium hardware is **NOT** available on French Doors in Certified Wind Load or Impact Shield regions.

WESTCOTT (Not available in Bright Brass Finish)

HOPPE® MULTI-POINT

HARDWARE

Hoppe Multi-Point hardware offers the additional security of four points of latching when the door is locked, and the easy operation of one point of latching when the door is unlocked.

- Stainless Steel and other non-corrosive components.
- Anti-Back Drive prevents locking points from disengaging from the outside for added security.
- Latch Blocker on inactive systems will not allow multipoint activation until inactive system is activated.
- Lock Out Feature on interior system allows for multipoint activation from the exterior of the door by lifting handle.
- Backplate and cylinder housing are forged into one piece for improved appearance and easier installation.
- Simultaneous retraction feature enables all locking points to be retracted by pushing down on the inside handle.

OPTIONS

The Hinge Straps, Clavos and Speakeasy are options that can give your entryway an old world look. Combine these options with our Signet® Knotty Alder Series to achieve a rustic or antique style. Hinge Straps, Clavos and Speakeasy are constructed of durable flat black aluminum.

HINGE STRAPS Available on all door styles shown on opposite page

Available as an Impact Shield product.

CLAVOS Available only on door styles shown with planks on opposite page (002CP-449, 002CP-437, 8' 002CP-449 and 8' 002CP-437)

Available as an Impact Shield product.

SPEAKEASY Available on all door styles shown below except for 8' 002C-437 and 8' 002CP-437

NOT tested for Certified Wind Load or Impact Shield regions. (Doors with Speakeasy are not ENERGY STAR® certified.)

ProVia® does not recommend entry doors with Speakeasy applications in the Northern climate zone. We also recognize some of the North-Central climate zone areas are not suitable for this application as well. We recommend this application to be used only in the South-Central and Southern climate zones. Speakeasy applications carry a 5-year limited warranty. See price book for more details.

◊ Smooth Sandstone cladding is a close match, but not an exact match to Sandstone paint color.

* Smooth Classic Bronze cladding does not match Rustic Bronze cladding color or Rustic Bronze paint color.

HINGED PATIO DOORS

Hinged Patio Doors are swinging patio door systems available in 2 or 3-lite units and constructed of the same solid quality Signet® and Heritage™ Fiberglass, and Legacy™ Woodgrain Textured or Smooth Steel doors as our entry door units.

Hinged Patio Doors with Heritage Fiberglass are NOT available in Certified Wind Load regions.

PATIO DOOR STANDARD FEATURES

A keyed Schlage® flair handleset with a Maximum Security thumbturn deadbolt is included. Choose from bright brass, antique brass, satin nickel or aged bronze finish. Optional Lifetime finishes available.

The lock area is reinforced with a 20-gauge steel security plate for added strength.

Spring-loaded latch system automatically engages upon closing. Latch also includes interior locking feature. BetterVue® fiberglass screen mesh is standard. Heavy-duty fiberglass, aluminum or SeeVue® stainless steel screen is optional.

Suspended by ball bearing rollers this top-hung heavy-duty aluminum screen frame reduces binding, creating effortless operation. Screen frames are available in all 16 paint colors.

Z-AC™ Threshold with an auto-adjusting riser. Available in Mill or Anodized Bronze Finish

DOOR SWING

OPTIONS

Custom Widths and Heights - Need a little more height or a little less width?

We are pleased to offer customized patio door widths and heights in 1/8" increments.

Door Swing - (Doors viewed from above. Inswing only.)

Finishes - Patio doors are available in all finishes shown on pages 95-100.

* Optional Aluminum Frame Cladding will increase brickmold to brickmold width by 1/4" and height by 1/8". Not all sizes available in all door types.

VINYL SLIDING PATIO DOORS

Vinyl Sliding Patio Doors are tested against the most stringent industry standards for air and water infiltration, wind load resistance, ease of operation, forced entry and much more. This means you'll have lower heating and air-conditioning costs, easier cleaning, low maintenance and increased comfort.

LIFETIME LIMITED WARRANTY
Includes Glass Breakage & Seal Failure

VINYL SLIDING PATIO DOOR IMPACT SHIELD FEATURES

All glass for Impact Shield
Products is laminated to provide protection against wind-borne debris.

Additional heavy aluminum
interlock on center stile adds durability and strength.

All Vinyl Sliding Patio Doors
are ENERGY STAR® Certified

STORM DOORS

Every storm door is individually customized to the highest standards in the residential market for homeowners who appreciate impeccable, uncompromising quality.

Durable, oven-baked polyester finishes are backed by a Lifetime Warranty for lasting beauty and low maintenance.

Extruded aluminum frame adds beauty to your door by virtue of the rounded cove molding along the glass edge of the extrusion.

You'll appreciate the finished look of our **color matched aluminum installation screw covers**.

Non-operable sashes are secured by our **color matched polycarbonate clips** or an **internal sash lock system**. Varies by model.

Smooth function is essential. That's why we include a **quality door closer** in every storm door package. Varies by model.

Our air release system features a continuous closing action without the delayed rebound action of previous generation closers.

Each door features **quality hardware** that adds beauty and functionality to your new storm door. Varies by model.

Corrosion-proof corner gussets enhance the structural integrity of the door.

Our **bottom expander with sweep** allows for a beautiful custom-fit to any entry. Varies by model.

STORM DOOR DETAILS

The details are the small things that set our storm doors apart from the competition. A lot of small things add up to a big difference.

Large: 10¼" x 16¼" opening for pets up to 100 lbs.

X-Large: 13¾" x 23¾" opening for pets up to 220 lbs.

PIANO HINGE & BOTTOM EXPANDER

Anodized Brass

Satin Nickel

Aged Bronze

#079 Self-Storing
with mail slot option

MAGAZINE & MAIL SLOT

Lifetime Bright Brass, Lifetime Satin Nickel and Lifetime Aged Bronze magazine and mail slots are available on 074, 079, 279, 374 and 379.

Our **air release system** features a continuous closing action without the delayed rebound action of previous generation closers.

EASY-SET CLOSER

Just a slight push on the cap and it'll stay open. Push door open further and it releases. Color matched to door.

GLASS

TINTED GLASS

Tinted glass can help reduce UV transmittance, solar heat gain and glare. Each tinted glass option provides a room a whole new look, providing its own unique set of benefits. Be sure to choose the right one for your home.

Clear Glass

Bronze

High visible light transmittance
Warm glow to interior décors
Complements brick and stone
Ultraviolet light protection

Green

Subdues interior brightness
High visible light transmittance

Gray

Excellent glare control
Exceptional protection against
interior fabric and color fading
Ultraviolet light protection

Blue

Low shading coefficient
High visible light transmittance
Solar performance (reduces solar heat gain)

PRIVACY GLASS

Choose from Obscure Pebble or Gluechip glass if you need light to filter in, yet want to maintain privacy.

OBSCURE PEBBLE

GLUECHIP

STYLE AVAILABILITY CHARTS

Refer to the charts below to find decorative glass availability for all entry door and sidelite styles.

DISCOVER MORE

WEBSITE

ProVia.com makes it easy to explore and compare numerous door, window, siding, stone or roofing options in a straightforward, interactive way. Configure a door or window, visualize products on your home, explore color palettes, and learn about different architectural styles—all from our innovative Design Center. Save your favorite products, colors, photos or ideas throughout the site into your own ProVia portfolio for reference any time and share them across your favorite social media platforms. ▶

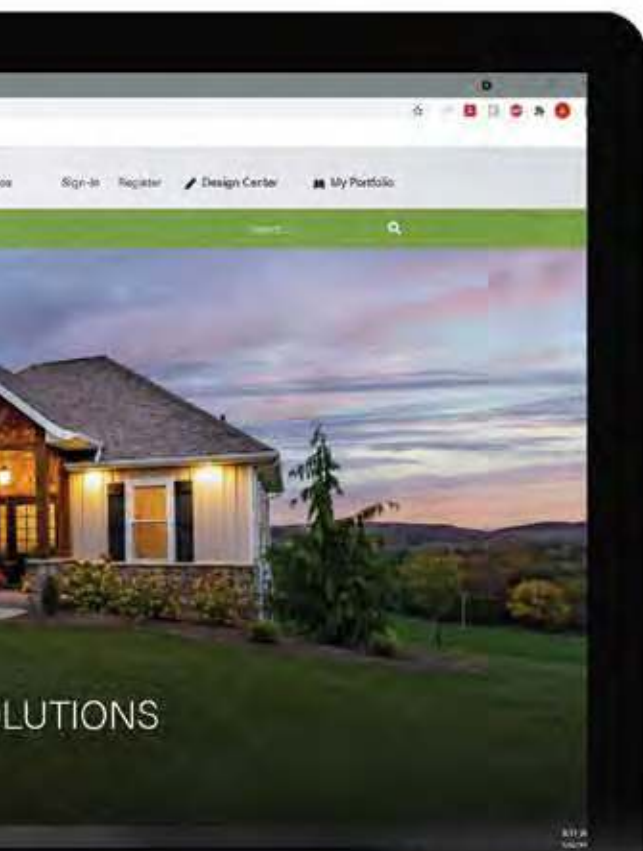

VISUALIZER

Let your imagination run free with this exterior home design tool. Select from a library of existing home styles or upload a photo of your own home.

In a few easy steps, update your siding color, add stone or metal roofing, configure windows, or create a one-of-a-kind entry door system.

Looking for professionally inspired color and product palettes? Apply one of our pre-selected Designer Collections to create a curb-appealing look. ▼

APP

Use the ProVia app to configure doors and windows or select from an extensive collection of vinyl siding, manufactured stone and metal roofing styles.

FEATURES

Door and Window Configuration

Vinyl Siding Profiles, Colors and Accessory Accents

Manufactured Stone Styles, Color Palettes and Grout Options

Metal Roofing Profiles, Trims and Colors

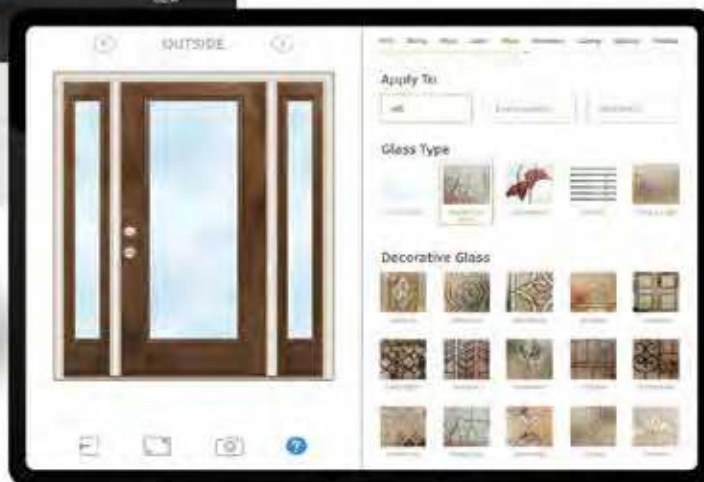

Videos, Photo Galleries and Catalogs

ProVia Dealer Locator

SOCIAL MEDIA

provia.com

"To serve, by caring for details in ways others won't." It's not just our mission, but a way of letting our light shine every day at ProVia®. We continually strive to put these words into action by providing unmatched quality and service. The P-icon symbolizes each employee's commitment to devoting the utmost care, pride and quality into each building product we manufacture...it's The Professional Way.

At ProVia, we manufacture energy efficient products and exercise corporate environmental stewardship by recycling, reducing pollution emissions and much more. In fact, our company has received repeated awards from the Environmental Protection Agency such as Partner of the Year - Sustained Excellence for Door and Window Manufacturing.
