What's The Quaker Difference?

It's an attention to detail and manufacturing excellence that distinguishes Quaker from all other window and door companies in America.

It's found in the build of our windows where you'll find 40% more wood, 33% thicker glass, and aluminum that's 4 to 6 times thicker than some other popular brands.

It's represented by a standard of quality, engineering, craftsmanship and innovation embedded in every product we manufacture.

It's providing you with the **right solution** to your project, not just selling you windows and doors.

That's the Quaker Difference.
