

SKYCOVE™

DISCOVER MARVIN SKYCOVE

Skycove™ is a projected glass structure that creates a smart extension of up to 20 square feet of valuable space without extending a home's footprint. Whether located in a bustling living area, or placed in intimate rooms like bedrooms and dens, Skycove can be your favorite retreat.

1

FLUSHED GLAZING

4° slope on top glass and flush glazing sheds debris and prevents pooling

2

NARROW SIGHTLINES

Narrow 2 7/8" sightlines provide expansive, unobstructed views

3

ALIGNMENT FLANGE

Flashing detail similar to standard window

4

STEEL STRUCTURE

Strength to accommodate multiple people

5

INSULATED SEAT CAVITY

Improved thermal performance

6

INTEGRATED FORK POCKETS

Makes installation with proper equipment much easier

7

HDF EXTERIOR

Marvin's High Density Fiberglass provides the aesthetics and strength needed for a projected, panoramic connection to the outdoors

FEATURES

- Available in four sizes: 101" x 86", 101" x 70", 78" x 86", and 78" x 70"
- Adds up to 20 square feet of usable space
- Supports more weight than most decks
- Tempered outboard lite with laminated inboard lite on the top glass
- Certified and warrantied, unlike custom-built options
- 10-year product warranty and 5-years on laminated glass

GLASS RATINGS*

GLASS: SIDES + FRONT	ESTIMATED U-FACTOR
Triple Pane: Low E1/E3, Argon	.57
Dual Pane: Low E3	.64
Dual Pane: Low E2, Argon	.65

* Values shown are composite ratings for the largest size and do not directly correlate to individual unit U-Factors. Triple pane only available on CN7870. Top glass is always laminated dual pane Low E3 with Argon.

SPECIFICATIONS**

RATING	VALUE
Water tested to PSF	9.82
Structure tested to PSF	97.5
WDMA Certification Rating	CW-PG65-SP
Design Pressure	DP65

** Testing and values apply to all four sizes of Skycove

LIVING BETTER, BY DESIGN

Uniting people-first design with our tradition of expert craftsmanship, Skycove was inspired by the way we live and designed to inspire us to live better. Skycove will create a truly glowing statement both inside a home and on a home's exterior. Plus, its uncluttered aesthetic and design options complement a range of architectural styles.
